Jennings County Community Foundation
111 North State Street
North Vernon, Indiana 47265

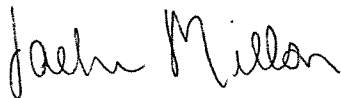

Dear Jennings County Community Foundation:

I would like to thank the Community Foundation for awarding me the generous Lilly Scholarship. I am immensely appreciative of this award and cannot thank you enough.

Orientation week, or August Experience, at Hanover College just ended and classes have just begun. I feel confident in choosing Hanover to be my home for the next four years. I plan to major in Biochemistry and double minor in Spanish and Psychology. With this focus, I aspire to pursue a career in the medical field by either attending medical school to be a pediatrician, or PA school to be a physician's assistant.

I am grateful that the Community Foundation helped to ease my concerns about financial burdens, thus allowing me to enter college focused on the foremost aspect of college, learning! The community foundation inspires me to achieve to give back to my community as you have given to me. I am excited to begin my new journey at college and will work hard to help positively represent Jennings County and the Lilly Foundation.

Sincerely,

A handwritten signature in cursive script that reads "Jaelyn Millon".
